

Workshop – Completion of Luminary Quilt

For those of you who have registered for Part 2 of the Luminary Quilt, the following information will help you prepare for the workshop.

If you have completed your “diamonds”,

- play with positioning of the diamonds to create a pleasing progression of colour
- You will need 4 inner, 8 middle & 12 outer diamonds
- DO NOT sew them together.
- If you have extra diamonds or diamond fabric, you might want to bring these along to incorporate creatively in the background

To complete the quilt, you will need:

- 2 yds (1.8 m) of background fabric
- ½ yd (.45 m) of binding fabric
- 1 2/3 yds (1 ½ m) backing fabric
- 45” x 60” batting

If you have the pattern, you might want to cut the background fabric as shown on page 8, keeping pieces G & H as a single piece as noted. If you don’t get the background pieces cut, you can do so at the workshop.

At the workshop, we will go over putting the pieces together & options for quilting. Ideas for using extra diamond fabric (if any) will be explored as well.

Looking forward to seeing you there. Catherine
